

SWING GATE OPENER

INSTALLING AND OPERATING INSTRUCTION

GO-O-19

PLEASE READ THE MANUAL CAREFULLY
BEFORE INSTALLING AND USE

WARNING TO THE INSTALLER AND USER

- 1) CAUTION! It is important for personal safety to follow all the instructions carefully. Incorrect installation or misuse of the product may cause people serious harm.
- 2) Keep the instructions in a safe place for future reference.
- 3) This product was designed and manufactured strictly for the use indicated in this documents.any other not expressly indicated use may damage the product and/or be a source of danger.
- 4) Before carrying out any work on the system, switch off the electricity supply.
- 5) Accepts no responsibility regarding safety and correct operation of the automation, should components made by manufacturers other than be used in the system.
- 6) Do not make any alterations to the components of the automation
- 7) Do not allow children or other persons to stand near the product while in operation.
- 8) Keep remote controls away from children, to prevent the automation from being activated accidentally.
- 9) The user must refrain from attempting to repair or adjust the system personally and should contact qualified personnel only.
- 10) Frequently examine the installation, in particular check cables, springs and mountings for signs of wear, damage or imbalance. Do not use if repair or adjustment is needed since a fault in installation or an incorrectly balanced door may cause injury.
- 11) This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- 12) If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- 13) Disconnect the supply when cleaning or other maintenance is being carried out, if the appliance is automatically controlled.
- 14) The temperature range marked on the drive should be suitable for the location.
